## POOL FINANCED

## How the Matter Was Arranged With Fleming County Banks

Negotiations between the Board of Directors of the Society of Equity for Fleming county and the three Flemingsburg Banks have been concluded for financing the pooled tobacco in that county.

The Deposit Bank of Pearce, Fant & Co. and the Fleming County Farmers Bank are to furnish \$20,000 each and the People's Bank \$10,000, in all \$50,000, only \$25,000 of which is to be used for tobacco in winter order.

The money is to be secured by warehouse receipts, based on a rate of 5c per pound and further by an approved personal bond of \$20,000 to be made by Equity members.

Under this arrangement the grower may de-

liver his tobacco, get warehouse receipts, and on them can go to the bank and borrow money at 6 per cent. at the rate of 5c per pound on what he has.

## To Go Into Effect March 4th Prohibiting Trainmen to Work Over 16 Hours

Many changes will have to be made among the various employees of Kentucky railroads on account of an act of Congress passed last winter and taking effect March 4th, 1908, prohibiting trainmen to work over sixteen hours continuously and telegraph operators in office open twenty-four hours in the day from serving at the key for over nine consecutive hours. The act was passed with a view to lessening the danger of wrecks or collisions with which the country has been overburdened.

## ELECTRICITY

Now the Up-To-Date Motive Power  
Which Operates The Public  
Ledger Printery.

The 3-horse power steam engine and 11-horse power boiler, which have done such faithful and energetic service in printing THE DAILY PUBLIC LEDGER and operating the extensive job plant for so, these many years, were discarded last Saturday and the fires everlastingly banked, as far as they will ever be called upon again to do duty in this printery.

Last Monday morning a little fever was pushed and the fluid that Benjamin Franklin first introduced to the world, hummed from the little 3-horse power motor, and furnished the motive power to operate, not only the big power press, but the four job presses besides. It worked as smoothly as a sewing machine and saved 400 bushels of coal per year, not to mention kindling and the work and worry of starting a fire every morning, keeping up steam, emptying ashes, etc.

The entire LEDGER Printery is also now lighted up by electricity, and when the interior gets a new coat of light paint and an all around cleaning up and overhauling, we expect it to present a most inviting appearance.

The Maysville Gas Company installed the

THE information given out by Secretary TAFT that not a cent was paid out of the United States Treasury for the support of the Philippines, will no doubt be a surprise to the Democratic anti-imperialists, who being opposed to expansion in every form, are always ready to condemn the Nation for acquiring new territory, which in our National policy is only natural expansion. The Philippines, like Alaska, will prove one of the richest and most profitable of our foreign investments. It was a far-seeing statesmanship that added the Philippine Islands to the American domain. As our farthest Eastern outpost, we'll make of them such a new and free empire, and such a tower of patriotic strength, that succeeding generations will applaud the names of McKINLEY, ROOSEVELT and TAFT, who made the Americanizing of the great system of Islands a concrete realization.

THE SUPERFICIAL LITERATURE.

Miss Agnes Repplier, the essayist, at a dinner in Philadelphia, repeated an overheard conversation as an example of mental crudity.

"It was," she said, "at a reading, I won't say where, that this conversation was overheard. A young man and a girl conducted it. It ran like this:

"'Good crowd here.'"  
"'Yes—literary, too.'"  
"'Oh, very. Are you fond of literature?'"  
"'Oh, very. I just dote on it.'"  
"'I suppose you like Shakespeare, eh?'"  
"'Oh, yes, indeed! Do you?'"  
"'Very much. I like Dryden, too.'"  
"'So do I; very much, indeed.'"  
"'Do you like Browning?'"  
"'Oh, very much. Do you like Goldsmith?'"  
"'I adore him. And Byron, do you like him?'"  
"'Oh, yes, naturally. Do you like Shelly?'"  
"'Very, very much. And Pope?'"  
"'He's fine. I'll tell you a good writer.'"  
"'Who?'"  
"'Milton.'"  
"'Yes, he is good; isn't he?'"

"Afterward," said Miss Repplier, "the young man told his friends that the girl was wonderfully well read, while she declared of him, 'Oh, he has read everything!'"

## BIG DEAL

Reported From Winchester. All Equity Tobacco Will Soon Be Sold.

Rumored That the Offer of the American Company Was Turned Down.

WINCHESTER, Ky., Feb. 26th.—It is reported on reliable authority that the District Board of the Burley Tobacco Society, in session here tonight, turned down a proposition of the American Tobacco Company, made through its buyers, A. L. Walker and J. A. Downard of Cincinnati, to buy all of the pooled tobacco under the Society's control at Equity prices.

This action was taken, so the local correspondent was informed, in order to protect the independent manufacturers who have purchased the Equity tobacco when the Trust refused to touch it.

ALL SOLD IN TEN DAYS.

The correspondent is further reliably informed by a leader in the Tobacco Society, who refused to allow his name to be used, that every pound of Equity tobacco in Kentucky will be sold within the next ten days, or following the passage of the McChord tobacco bill, now pending in the House.

This bill, it was asserted, will pass the House Friday, will be promptly passed by the Senate, vetoed by Governor Willson, and with equal promptness passed over his head by both branches of the Legislature, thus putting an end to the tobacco trouble in Kentucky.

Bradley and Beckham Trotting Along Together in the Senatorial Race

Governor Willson's Special Message Asks For \$25,000 to Crush Night Riders

YESTERDAY'S BALLOTING.

Beckham.....	56
Bradley.....	56
Campbell.....	3
Allen.....	1
Blackburn.....	1
Edwards.....	1
James.....	1

FRANKFORT, Ky., February 26th.—The reading of the special message of Governor Willson dealing with the "night riders," the county unit bill, urging its passage, the financial condition, etc., of the state, occupied the greater part of this morning's session of the House of Representatives. The reading of the message was given the closest attention by the members.

Representative Arnett of Covington voted for Ollie M. James again although James has requested that he be not voted for. The ballot resulted: Beckham 56; Bradley 56; Campbell 3; Blackburn 1; Allen 1; Edwards 1; James 1.

Regarding the night riders the Governor, in his special message, urges the necessity of immediate action by the State Government to put an end to the evil conditions.

"They have established a rule of terror by secret bands of armed and mounted men disguised with masks and cloaks."

"Whole military force of the state not sufficient to garrison all the towns to prevent the crime."

"Present statute limits expenditure to \$3,000 for employment of detectives by the Governor."

"Harassment asks the General Assembly to

appropriate not less than \$25,000 at the earliest possible date to enable him to employ a sufficient force to find, arrest and secure the punishment of the men guilty of these crimes and to bring an end to the ruinous disorder which affects the Commonwealth."

Wants the Attorney General and his Assistant to take charge of and control all investigations of all offenses of night riders.

The Senate took on a "working spell" today and passed the following bills: Act authorizing cities of second class to charge as high as \$500 for saloon license if they wish to do so. House bill appropriating \$30,000 a year to Kentucky Children's Home. "Donaldson bill" authorizing County Courts to appropriate money to keep Courthouses and other county buildings in repair. Charlton bill transferring the title of Louisville Water Company to City of Louisville. Cureton bill limiting the number of places where a libel suit against a newspaper may be brought.

The Breathitt County Grand Jury returned 49 indictments.

CURED TO STAY CURED.

How a Maysville Citizen Found Complete Freedom From Kidney Troubles.

If you suffer from backache—From urinary disorders—From any disease of the kidneys, be cured to stay cured. Doan's Kidney Pills make lasting cures. Maysville people testify. Here's one case of it. A. W. McClannahan of A. W. and H. P. McClannahan, grocers, at 121 Second street, Maysville, Ky., says:

"I can endorse Doan's Kidney Pills more heartily today than I did five years ago when I told the Maysville people that this medicine had cured me of severe kidney trouble and backache that had bothered me for twenty years and seemed to be growing worse and worse all the time. I repeat that I can more confidently recommend Doan's Kidney Pills, which I procured at J. Jas. Wood & Son's Drugstore, today than I did in my former testimonial because my cure has been permanent and I have had no kidney trouble for nearly five years. As proof that I am a firm believer in Doan's Kidney Pills I will be only too pleased to reiterate the above to any one who may inquire."

The Queen City, when she put out of Cincinnati, had 120 passengers for Mardi Gras.

No shipment of coal is being made from Pittsburgh because of the lack of empties in the harbor.

Many empty craft is arriving in the Pittsburgh harbor, and the boats and barges will be at once reloaded and made ready to start South at the earliest possible moment.

The ferry-boat Whisper, which sank at Augusta, was owned by Captain W. Edgington. Since the water receded she is entirely on dry land, and she will soon be repaired and placed in commission again.

Captain Allison Martin, who died recently at his home near Chester, W. Va., rendered valuable service during the Civil War piloting vessels in the transportation of Union troops on the Ohio, Mississippi and Missouri rivers.

The Sprague, in command of Captain William Crow, is on her way to New Orleans with about thirty-seven pieces, one of the biggest tows of the winter. The other big towboats, Pittsburgh and W. W. O'Neil, are also en route South with coal.

Three boats were completely destroyed in the upper river by the high water and floating ice. The Robert Taylor was sunk by the ice near Melville Island, while the towboat Two Brothers, which sank near Legionville, and could not be raised until the high water came, was torn to pieces. The Pastime is lying in a few feet of water near Ambridge.

The River Editor of The Courier-Journal says: "It has been always an interesting subject with rivermen to speculate on how long it would take for a floating object to drift down the river from one point to another, and how fast the water travels in floodtime. Dr. H. M. McCullough, who has a camp on Towhead Island, found a bottle on Saturday evening which had just floated in, containing three letters, all dated Vandergrift, Pennsylvania, on February 15. Vandergrift is on the Monongahela River, quite a distance above Pittsburgh. The letters were signed by Truman Young, Miss Bessie Lacey and Miss Goldie Knoss of Vandergrift, and asked the finder, wherever he might be, to write them, telling how and when the flask was found."

The Last Snipment of My Big Purchase of New Crop Molasses

Is now here direct from the plantation where produced. These goods are strictly fancy; no better can be made. Price 50c per gallon.

For the Lenten season I have a big supply of fancy fat-caught Mackarel, direct from Boston, in 10 and 20-pound buckets and barrels, and can sell you a single fish or as many as you want from 5c each up.

D. M. Ferry's Famous Garden Seeds acknowledged everywhere; for sale by the ounce, pound, gallon or bushel, where to be the best, just received; I always give preference to those who buy seeds of me. New customers every day on my fine brands of Roasted Coffee and all vegetables I always give preference to those who buy seeds of me.

PERFECTION FLOUR is still the popular brand. It always gives satisfaction. My guarantee goes with every barrel. Navy Beans, the very best, still go at 30c per gallon. Cut prices on all Canned Goods continue. My stock is unusually large and strictly first class. Fine Teas a specialty. I buy all kinds of Country Produce, such as I can use in my business, such as Butter, Eggs, Poultry, Hams, Shoulders, Jowls and Bacon. All meats must be guaranteed to be cured without borax. I extend the usual invitation to country people to make my house their headquarters when in the city; you are always welcome. Vegetables of all kinds to season; also, Fruits of all kinds; Oysters received direct from Baltimore, and when you want the genuine seal shipped buy only in cans, sealed where caught, opened at your home.

STOMACH IS SEAT OF HUMAN LIFE

New Theory Advanced by Young Man Is Spreading Over Entire Country.

L. T. Cooper's theory concerning the human stomach, which he claims to prove with his new medicine, is being given more respect and comment every day.

Cooper claims that 90 per cent. of all ill health is due to stomach trouble. When interviewed about his theory recently, he said: "Stomach trouble is the great curse of the 20th century so far as the civilized races are concerned. Practically all of the chronic ill health of this generation is caused by abnormal stomachic conditions. In earlier days, when the human race was closer to nature, and men and women worked all day out of doors, digging their frugal existence from the soil, the tired, droopy, half-sick people that are now so common, did not exist."

"To be sure, there was sickness in those days, but it was of a virulent character, and only temporary. There was none of this half-sick condition all the time with which so many are afflicted nowadays."

"I know positively that every bit of this chronic ill health is caused by stomach trouble. The human stomach in civilized people today is degenerate. It lacks tone and strength. This weakness has gradually come through a sedentary existence. I further know that few people can be sick with the digestive apparatus in perfect shape. The sole reason for my success is be-

cause my New Discovery medicine tones the stomach up to required strength in about six weeks' time. That is why I have had more people come and thank me wherever I have gone to introduce my medicine, than I have had time to talk with."

Among the immense numbers of people who are now strong believers in Cooper's theory and medicine is Mrs. M. E. Delano, a prominent resident of the suburb of Brookline, Boston, Mass. She says: "For several years I was broken in health, caused primarily by stomach and nerve troubles. I gradually became worse, until recently I was compelled to go without solid food for days at a time. I had sour stomach, palpitation of the nerves of stomach and heart, dyspepsia, and extreme nervousness. I suffered terribly with insomnia, and my liver, bowels and whole system gradually became deranged. I felt instant relief the first day I began this Cooper's medicine. I now feel like a new being. Today I walked all over town, shopping—something I have not done for years."

"I make this statement wholly from a sense of duty. I feel I owe it to anyone who might find relief and renewed happiness as I have done."

The record made by the Cooper medicine is astonishing. We will take pleasure in discussing it with anyone who wishes to know about them. —T. J. Chenoweth.

## MAYSVILLE Very Much Lauded and Very Much Misrepresented—"Man From Maysville" Everywhere

The Chattanooga Star in a recent issue devotes considerable space to a dissertation on Maysville and things Maysvillian, which are exceedingly interesting and quite amusing because there are no facts to back up some of The Star's absurd allegations.

The man or newspaper who alleges that Maysville was as large one hundred years ago as it is today and that it did a larger business then than now, is such a gigantic prevaricator that we nominate the said reporter as Liar-in-Chief in the big Annals Club.

The article is as follows—

A LITTLE TOWN ON THE OHIO.  
A dispatch from Maysville, Ky., says:

The Maysville Cotton Mills are being guarded for fear of an incendiary fire. The attitude of Federal Judge A. M. J. Cochran, who is one of the stockholders, against the ordinance to close the American Tobacco Company's office and that of others here is the cause of the plant being guarded. There are nine men under former Policeman William B. Cawthorn at the Mills every night.

Threats are said to have been made that the Mill would be burned at the time Judge Cochran, who is a citizen of this city, announced his opposition to the measure.

Judge Cochran, mentioned above, was a schoolmate of Mr. B. F. Thomas of this city. The Cotton Mill referred to in the dispatch has been in operation and in the hands of present owners and their ancestors for sixty or seventy years.

Maysville is a city of from eight to ten thousand inhabitants. It had more people and did more business a hundred years ago than today.

It is claimed that over two hundred thousand people have been born there, including Hiram Pearce and Mike Redmond. Some years ago there were fifty natives of Maysville living in the Chattanooga District.

Governor Wilson of Frankfort boasts the proud distinction of being a native of the place.

It is said that when a young man gets big enough to climb the river hills he either pulls out for other parts or joins the Oddfellows. A greater per cent. of the population belong to that Order than is the case at any other place. Everybody there is an Oddfellow or else he is not anybody much.

When Hiram Pearce was a small boy he went to school to a man named Blaisdell, who had an assistant named Savage. And the boys all

"I find Cascarets so good that I would not be without them. I was troubled a great deal with torpid liver and headache. Now since taking Cascarets Candy Cathartic I feel very much better. thought the assistant lived up to his name.

In those days Hiram was a poet, so he tried his hand on the school with this result:

"The Devil flew from North to South  
With old Savage in his mouth.  
But when he found he was such a fool  
He let him drop in Blaisdell's school."

When the verse got well into circulation the Professor found it chalked up on the blackboard one morning and it is related that the author laid the blame on another boy named Jack Wadsworth and Jack got the birch. While the Professor turned his back to take down the rod Wadsworth tucked a slate beneath his jacket to catch the licks and the old Professor never discovered the difference.

It is said that Maysville has furnished more Governors, Judges and Congressmen to more states than any town of its size in America. It was one of the first settlements West of the Allegheny Mountains and would have been the greatest city in the Ohio Valley if the effort at Government railroad construction had not been stopped by President Jackson.

The American Tobacco Company shipped seven car loads, or 90 hogheads, of tobacco from their Ripley warehouse last Friday. It went to Maysville, Louisville and St. Louis.

## "THE LEMON CLUB"

The Very Latest Wake Up—Get in the Main Squeeze and Stand the Acid Test  
The new order of the Lemon is here. Have you got your card of membership? It has started off with a rush and judging from the enthusiasm with which it is being received it ought to stand the acid test.

Several well known men have already joined the organization, which is known as the "Grand Order of the Lemon." Local or subordinate bodies are called "Lemon Clubs." It has a full list of officers, their titles being as follows:

- Grand Lemon.
  - Grand Lemon Peel.
  - Grand Lemon Alde.
  - Grand Lemon Pit.
  - Grand Lemon Squeeze.
  - Grand Lemon Juico.
  - Grape Fruit.
  - Keeper of the Sacred Finger Bowl.
- One of the rules of the order is that its members must take lemon with every drink and with every dish set before them. The trimmings and decorations of the club rooms are of a lemon color and lemon neckties are made an insignia of the organization.
- The organization of the club in Maysville was brought to light Tuesday night when membership cards were being sold for a time each.

Several were sold and very soon the cry was started: "Have you got yours?" The cards read as follows:

Thanks for your dime  
.....  
Membership Card  
Mr. E. Z. Mark  
You are now a member in good standing of The Lemon Club.  
(Squeeze, Brother, Squeeze.)  
Now it's up to you to get a new member.
